

Social Studies – Procedure

The district will manage the assessment process so that students seeking competency-based credit can demonstrate competency/proficiency in social studies skills.

1. A student may recover 1 social studies credit if the student meets standard on another approved state alternative that meets the graduation requirement.
2. Additionally, a student may obtain 1 Social Studies credit for passing a district created assessment that is aligned to the state learning standards, such as a portfolio of student work. Students do not need to have attempted and failed a course before being eligible for this option.
