

Annual Public Announcement of Highly Capable Screening

Each school year in the fall Concrete School District will be screening students to help identify possible Highly Capable Students. The screener will be given to all second graders through eight graders. The data will help the district meet the needs of highly capable students. If a student score is significantly, then the district will follow the nomination process outlined in policy 2190 and procedure 2190P.

If you have any questions please feel free to call Leilani Thomas at 360-853-4008.
